

GREEN MADFLEX

100% Recyclable composite material panel
REuse – REduce - REcycle

ABOUT MADFLEX

An innovative technological solution patented by **Composite Research** for the creation of an ultra-light structural composite material sandwich panels with unique mechanical features.

MADly Strong – Super FLEX

5 times more efficient than structural steel.
4 times lighter than aluminium.

RIGID SKIN
Resistant to
compression

FLEXIBLE SKIN
Resistant to traction

GREEN MADFLEX

The fully recyclable variant of the MadFlex technology.

- ✓ **High performances**
- ✓ **100% green**
